Portfolio Submission 2021

Portfolio submission will be online through our Portfolio Submission Portal.

There is no change to the type of work applicants are asked to include in their portfolio. The work should as always document the process of development and idea generation through worksheets and notebooks as well as work resolution through the finished pieces. Applicants are asked to digitally record their portfolio work and submit online by 5th February.

Applicants are strongly advised to register and submit their portfolio in advance of the deadline.

CAO Entry Routes

2021 – No Change to CAO entry routes. NCAD offers applicants the option of a Common Entry route or entry through designated routes into specific areas. This allows applicants who are already decided on the discipline they wish to pursue to apply directly into that area with a portfolio that is orientated to that area. For applicants who wish to remain open and explore different possibilities they can choose AD101 First Year Art & Design (Common Entry). Places will be reserved on all programmes for students who come in through the Common Entry route. Regardless of entry route, all students will participate in the common First Year Art and Design experience.
