

## CAO Alerts June 2021

### **MTU are delighted to announce the commencement of three new Undergraduate Courses for Sept 2021**

#### **Bachelor of Science (Hons) in Coaching Science and Sports Pedagogy CR435**

The BSc (Hons) in Coaching Science & Sports Pedagogy, which commences in September 2021, is a 4-year programme designed to introduce students to the applications of coaching science and physical education pedagogy, in addition to the scientific aspects of sports performance and health. The programme focuses on practical skills, key theories, and applied research in these core domains to provide graduates with the relevant knowledge, skills and competences to work as professionals in a wide range of sports coaching, athletic development, and health & wellbeing settings. The option of a full semester sports internship programme in the 'coaching science and sports performance' industry in Ireland and/or abroad, is an integral component of this programme.

**Applications via CAO Change of Mind close July 1<sup>st</sup>**

#### **Bachelor of Arts (Hons) in Home Economics and Business – with protected pathway to UCC PME CR930**

First three years in MTU Cork Campus – Final two years Professional Master of Education in UCC

**Munster Technological University (MTU) & University College Cork (UCC)** have announced an exciting opportunity for students to become fully qualified teachers in Home Economics & Business through a unique collaboration whereby students will study at MTU for 3 years and UCC for 2 years. The programme commences in September 2021. Gaining a qualification from both universities will certainly be an appealing option for students seeking an innovative programme of third level study in the areas of Home Economics and Business.
