CAO ALERT LIST

2022

The following outlines changes and important updates for students commencing their studies in September 2022.

New Programmes

LM123 BSc Biomedical Science (entry route LM123 Biological and Chemical Sciences Common Entry)

This course responds to increasing demands nationally and internationally to produce Science graduates with strong expertise in Biomedical Science for the Health area and the Life Science industry. These areas are extremely important to Ireland's economy and Ireland's healthcare system and the future growth of both of these sectors. Graduates of the programme will be well positioned to gain an understanding of the importance of partnerships with healthcare professionals and gain employment in areas that design novel approaches in the diagnosis of disease and treatment of patients.

LM173 Bachelor/Masters of Science in Immersive Software Engineering

UL is offering you a new way to learn computer science through ISE. The goal of Immersive Software Engineering is to turn curious, creative people into top notch problem solvers and software engineers, familiar with concepts, methods and tools, and with about 2 years of experience gained in the field in up to 5 companies. Software engineers enjoy incredible careers. They work all over the world, in every sector of economy and society, shaping the solutions to the important problems the world faces, at the local and at the global level. They are well rewarded for it, both economically and in prestige.

Note: a portfolio is required for entry to this course.
Further details can be found [here](#).

LM174 Bachelor/Master of Science in Artificial Intelligence and Machine Learning

UL's Artificial Intelligence and Machine Learning degree, is the first of its kind in the country and draws on the expertise of the Computer Science and Information Systems Department built over many years. During their third year students will get the chance to spend 8 months putting the techniques and skills they have been taught to practical use, as part of an integrated cooperative education (work placement) component. Later in this year they may opt to exit after the fourth year with a bachelors degree or to continue for a fifth year, after which they will have the opportunity to exit with a masters.

School Engagement

We are beginning to attend career fairs and school talks in person, and are also available to virtually connect with your schools.

Career Fairs

The Undergraduate Admissions Office represents the university at career fairs across the country including the Higher Options and fairs organised by local branches of the Institute of Guidance Counsellors.

If you are organising a virtual career fair for your school and would like the University of Limerick to have a presence, you can submit a request on https://www.ul.ie/admissions

School Talk

In addition, the university also offers talks to students, during class time, about the programmes on offer at the university.

The Marketing and Communications Division co-ordinates these talks. If you would like your students to have a talk you can contact School Engagement email schoolengagement@ul.ie
