Latest Change, March 15 th 2017				
71 1 st row	LY107	<ul style="list-style-type: none"> Business (common entry) with degree award options in Management Marketing or Accountancy <p><i>This is a change in title from the printed handbook.</i></p>	Degree L7	LY107 & LY127 are being merged into a single common entry programme. Students taking the new LY107 will be able to choose to specialise after year 2 in Management, Marketing, or Accounting.
71 3 rd row	LY127	<ul style="list-style-type: none"> Business-Marketing <p><i>This is being withdrawn as a separate code</i></p>	Degree L7	
Updated October 2016. There are 2 Courses that are new to the 2017 handbook				
Page	Code	Title	Level	Comment
71 7 th row	LY337	Culinary Science (common entry) with degree options in <ul style="list-style-type: none"> Food Technology <i>or</i> Bakery and Confectionary Technology 	Degree L7	This new programme was introduced late last season. It replaced the <i>ab initio</i> L8 programme, LY318. All Tourism/Culinary courses are in based in our Killybegs Campus
71, 7 th row from bottom	LY506	Construction Technology with BIM (Building Information Management)	Higher Cert L6	This new programme was introduced late last season. Follow-up add-on L7 and degree and L8 honours degrees programmes are in place to enable qualification to honours level in Construction Management.
Some changes to older courses				
70 5 row	LY218	Business, with language options , French, German, Spanish or Irish	Hons. Degree L8	The course code and the language options available remain the same as before, however applicants can now indicate their preference pre-entry.

70 Nursing		Nursing	Hons. DegreeL 8	Note that there are no longer separate mature codes for nursing. Mature candidates will be identified by DoB. They must still apply for the PAS test and are ranked for selection based on the results of that test.
71 4 th row	LY207	Law , with options in <ul style="list-style-type: none"> • Criminal Justice or • A language: French, German, Spanish, Irish. 	Degree L7	The course code and subject options available remain the same as before, however applicants can now indicate their preference pre-entry.
71 6 th row	LY327	Hospitality & Tourism Common Entry, with Degree award options in <ul style="list-style-type: none"> • Hotel Restaurant & Resort Management • Front Office Management • Destination Marketing 	Degree L7	In 2016 this was listed as Hotel Restaurant & Resort Management. The change in title indicates an expansion to the programme. The original options listed in the 2016 handbook, Hotel Restaurant & Resort Management, still exist. Two additional options have also been made available. The choice of stream is made post entry.

Corrections to the Printed Handbook

Page	Code	Title	Level	Comment
71 3 rd from End of L7 section	LY847	B.SC in Veterinary Nursing	Degree L7	Add +HD in the final column. A new, one-year, add-on, honours degree in Animal and Behavioural Science is now available for those who successfully complete the level 7 BSc in Veterinary Nursing.

Design Courses:-

Leaving Certificate Art **or** a portfolio of design related work is required for

- LY437 – Animation and
- LY408 – Design - Visual communication

For LY408 Design - Visual communication, Leaving Cert Design - Communication Graphics is acceptable in place of Leaving Cert Art.

In the case of LY437- Animation, applicants from Northern Ireland may present an A-level in Moving Image Arts to meet the Art requirement.

Entry via NI/UK awards. - GCE/GCSE

The most straightforward entry mechanism for NI/UK applicants is via good A-Level results. A-level /GCSE combinations are included in the CAO's centralized automated scoring system. The scoring mechanism for standard GCE/GCSE combination is available here: <http://www.cao.ie/index.php?page=scoring&s=gce>

Applied A-levels,

LYIT will accept Applied A-Level awards for all courses. In most cases, *any* Applied A-level will be accepted as contributing to the matriculation requirements. However, in the case of the following 6 programmes from the School of Science, the only applied A-level that will be accepted is Applied Science.

LY806	Pharmacy Technician
LY816	Dental Nursing
LY847	Veterinary Nursing

LY908	General Nursing
LY918	Psychiatric Nursing
LY928	I.D. Nursing

*Candidates presenting Applied A-levels should note that they still need to meet any other matriculation requirements, such as:

An appropriate total number of subjects:- 5 different subjects are required for levels 6/7, 6 different subjects are required for level 8

- The range of subjects presented must include English (or Irish) in all cases.
- The range of subjects presented must include mathematics - for any programme where mathematics is a required subject
- You must achieve a total score of at least 160 points overall for courses at levels 7 and 8.

Other NI/UK awards (See <http://www.lyit.ie/admissions/niukapplicants/>)

All other UK awards are non-standard and are **not** included in CAO central scoring. However, provided appropriate documentation/certification is provided to CAO in a timely fashion, they may be considered and scored manually by an admitting HEI. At LYIT the minimum award level considered for year 1 entry is an award at **UK**

Framework Level 3 or higher. Please note that restrictions apply to entry via programmes other than the standard GCE/GCSE combination.

- You must demonstrate that any non GCE award presented in at UK Framework level 3 or higher.
- You may be required to supply a copy of the syllabus.
- You may be required to demonstrate that the award is in a similar field to the LYIT course for which you are applying.
- Your final certified results must be with us by August 10th if you wish to be eligible for potential inclusion in round 1 offers.
- On high demand programmes there is normally a *very limited* quota of places available to non-standard entrants.
- Selection is competitive. Basic Matriculation alone does not guarantee entry. High scoring applicants will be selected before lower scoring applicants

It is important that you alert us if you intend to submit any awards other than the standard GCE/GCSE combination, for instance if your application will be based on BTECS, or Access Programmes from NI/UK Universities. For high-demand course such as Nursing and Veterinary Nursing you are likely to have a better chance of selection via good A-level results than via non-standard entry routes.
