The full list of events are published on www.setu.ie/try. Please feel free to share these widely with your friends and family. These are really helpful events for students making those all-important CAO choices. We also have a number of others of TRY events in development such as Try Languages, Try Social Science, Try Engineering Technology and others and these will be confirmed on the SETU website over the coming weeks.

3 - Maths Entry Exam 2023

SETU is delighted to confirm that the 'second chance' maths entry exam will continue again in 2023. The purpose of this exam is to provide applicants with a second chance opportunity to achieve the minimum maths entry requirements. The examination will follow the standard format based on the existing leaving certificate ordinary level paper. Attaining a qualifying standard in the SETU maths exam does not in itself guarantee a place on any course at SETU. The cut off points and normal eligibility criteria will still apply. CAO offers are subject to available places post Round 1. Date of the maths exam for 2023 to be confirmed

4 - Schools Visit

To arrange a school visit, please contact our Schools' Liaison Administrator by emailing schoolvisits@setu.ie to arrange
