

ALERT LIST 2020

New Courses at IT Sligo

We listen to industry needs and we forecast trends before they happen. We predict skills deficits based on labour market intelligence and develop new qualifications from Level 6 (Higher Certificate) to Level 8 (Honours Degree).

We also listen to what school teachers tell us when they give feedback of what senior cycle secondary school students are looking for in their future. With that in mind, we are pleased to share this list of newly established courses.
