Subject: Important - update to details on your CAO account

Dear Applicant,

Since we sent you a Statement of Application email in May there has been an update to details in your CAO account.

It is extremely important that you log in to your account on the CAO website to check that all of your information is present and correct. You can follow the instructions here: [Central Applications Office \(cao.ie\)](http://cao.ie)

Failure to log in and check your CAO application may result in you missing out on an offer.

Please note, this email does not refer to any changes to course choices you may have submitted - these are acknowledged separately. The facility to change your course choices (Change of Mind) closes on 1 July at 5:15pm. You can continue to make changes to your courses (subject to the restrictions on page 3 of the CAO Handbook) up to 1 July at 5:15pm, even if you have clicked on the Confirm button in your account.

Yours sincerely,

CAO Information Services
