## Instructions for completing this form

This form has a dual purpose. Some Higher Education Institutions (HEIs) operate individual supplementary admissions routes for students with disabilities. This form is used by HEIs to provide verification of the applicant's disability and helps to determine appropriate supports at third level.

A number of colleges and universities operate a joint supplementary admissions route known as DARE (Disability Access Route to Education). This form is also used by DARE to help assess an applicant's eligibility for DARE. DARE requires an applicant to submit evidence of disability as part of their application. An application will not be complete until an applicant provides evidence of their disability AND Educational Impact Statement by **15 March 2024**. More information on DARE is available from [www.accesscollege.ie/dare](http://www.accesscollege.ie/dare).

## Steps to completing this form when applying to DARE

Applicants who are unsure about the evidence that they need to supply can contact any member of the DARE team. Contact details for the DARE team are listed in the DARE Handbook and on [www.accesscollege.ie/dare](http://www.accesscollege.ie/dare).

### General Practitioner (GP) completing this form:

- Your GP must have a clear diagnosis of your disability from one of the DARE appropriate specialists/consultants listed. **A copy of a document in which your diagnosis is confirmed must be included in your application when using this GP verification.**
- This document must be signed and dated by the appropriate specialist/consultant. If a time limit applies, the diagnosis or reconfirmation of diagnosis from the appropriate professional must have been made within that time limit.
- **Your GP does not need to give you a copy of your entire file – a single document which clearly names and confirms your diagnosis, is within the time limit (if one applies) AND is signed and dated by the appropriate specialist/consultant is sufficient.**

**For the purposes of DARE, only diagnoses made by a consultant/specialist are acceptable. A diagnosis made by a GP alone will not be acceptable and will lead to the applicant being made ineligible.**
